PUTNAM

The campaign that is to end next Tuesday afternoon with the election of a candidate for the Connecticut legislature from this, the Twenty-eighth district, is beginning to stir up more interest in this city and vicinity than any other feature of the state election. The possibility of what the candidates may do in voting on prohibition legislation during the coming session is what is interesting the mass of voters. In the interest of prohibition active workers are canvassing voters in the district and those who are opposed to the passage of prohibition legislation are also at work.

This situation is such as to leave it to their friends and supporters to speak for them on the subject, and the campaign for prohibition is going forward on that basis. Senator Macdonald represented this district in the 1917 session of the legislature and has an excellent record as chairman of the important committee on roads, rivers and bridges.

Fifty of the more than 300 men who, as registrants of September 12, have been placed in Class 1A were before the physicians of the local board to undergo their physical examinations on Wednesday. Fifty more men will be examined on Thursday, and the balance of the Class 1A men will have been completed.

The men who were in for examination on Wednesday ranged from 19 to 37 years of age. The older men in many cases represent surprisingly good records for soldiers and the men of 19 and 20 were exceptionally good. The physicians who were on duty were Dr. J. B. Kent, chairman of the board, and Dr. W. Morris Murray of Abington. The newest form of regulations for physical examinations under the selective service law were in use in passing on the registrants.

There are 1370 names on the voting list of the town of Putnam that will be used at the state election next Tuesday. In the last election the town had 17 new voters were made and their names added to the list and 16 names on the list were erased. A change in the list is now greater than it ever has been, the growth being very considerable in the past four years. Putnam's voting list shows an increase of 170 voters since 1914. The Registrar, Herman G. Carver, said Wednesday. This is not accounted for by the absence of so many of the town's men who are in the service, all those who are voters still have their names on the list. A heavy influx of people of foreign birth who have been in the town for a long time, and the shrinkage of the classes that have produced the most voters, is given as the reason for the falling off in the list.

There were two deaths in Putnam during the 24 hours ending at 6 o'clock Wednesday evening from pneumonia, developing after attacks of influenza. Mrs. Donna Jolie, who leaves her husband, died at her home at 311 Church street, and Miss Bessie Germain, 29, died at her home at 100 West street, both being regular folk of death this week from pneumonia in Putnam and vicinity, the health situation here, as elsewhere, is regarded as very much improved.

Funeral services for Byron Williams, Carpenter, who died in Boston, were held Wednesday morning at 10 o'clock at the chapel at Grove street cemetery, relatives and friends attending. Burial was in Grove street cemetery.

The funeral of Vivian Lewis, 20, a young man who died at the allium Pond sanitarium, was held Wednesday afternoon, with a service conducted at the Second Congregational church by Rev. George C. Mackay, pastor of the Baptist church. The body was taken to Thompson for burial.

The funeral of Miss Melora Chaudhury, who died during the week at her home on Canal street, was held Wednesday morning with services attended by relatives and friends at St. Mary's church. Burial was in St. Mary's cemetery.

The body of Mrs. Mariella P. Markee, who died in Pomfret, was cremated Wednesday morning at the crematorium. The body of Mrs. Matthew Leavay, who died at Brighton, will arrive here this morning for burial in St. Mary's cemetery, where the family has a plot.

Stanton Ballard is the manager of the Putnam High school basketball team for the 1918 season, and the material in the school is such as to promise a development of a fast aggregation. A series of inter-class games will be played early in the season. Though no definite announcements have been made it is thought likely that the high school league will be revived this season.

It was stated here Wednesday that the students of the high school are nearly normal and that the same is true at the Smith street school. The attendance at the Israel Putnam school is below what it should be, but an improvement is being noted there. The Sawyer district school remains closed this week.

Carpenters are engaged in making repairs to the superior court room, in the Courthouse block, damaged in the fire of a few weeks ago. It is expected that the court room, now occupied by the sessions of the court, will be ready for occupancy in about one month.

Following is an installment of order numbers of registrants of this district: 417-1524 Edward Provincial, 50 Battery street, Putnam. 418-1008 Alfred Cloutier, 161 Providence street, Putnam. 419-1966 Isador Jolly, Ballou street, Putnam. 420-1599 Idola Phaneuf, North Grosvenordale.
